ORDINANCE 06-05

AN ORDINANCE PLACING SIGN REQUIREMENTS UNDER BUSINESS REGULATION

WHEREAS, Spanish Fork City has established a sign ordinance, which has been placed in the comprehensive zoning ordinance; and

WHEREAS, the placement of the sign ordinance in the zoning ordinance has made it difficult for residents and other interested parties to locate the ordinance; and

WHEREAS, Spanish Fork City is rewriting its zoning ordinance into a land use title in order to comply with the new requirements of state law; and

WHEREAS, placing sign requirements under business regulation is a better way to organize the municipal code and will allow it easier to find for residents and other interested parties;

NOW THEREFORE, be it ordained and enacted by the Spanish Fork City Council as follows:

I.

Chapter 36 of Title 5 of the Spanish Fork City Municipal Code is hereby created as follows:

Chapter 5.36 Signs.

5.36.010. Purpose.

5.36.020. General Provisions

5.36.030. Prohibited Signs

- 5.36.040. **Permitted Permanent Signs**
- 5.36.050. **Permitted Temporary Signs**
- 5.36.060. **Billboards**
- 5.36.070. **Nonconforming Signs**
- 5.36.080. **Exempt Signs**
- 5.36.090. **Permits and Fees**

5.36.010. Purpose:

The purpose of this section is to regulate the number, type, location, physical dimensions, and design of signs in order to protect the public interest and achieve community objectives as follows:

1. To balance public and private objectives by allowing adequate signage for business identification;
2. To promote the free flow of traffic and protect pedestrians and motorists from injury and property damage which may be caused by cluttered, distracting, and illegible signage;
3. To prevent property damage and personal injury resulting from signs which are improperly constructed or poorly maintained;
4. To promote the use of signs which are well designed, of appropriate scale, and integrated with surrounding buildings and landscape in order to meet the city's desire for quality development.

5.36.020. General Provisions:

1. All signs shall comply with the city's Clear Vision Area requirements.
2. All signs shall be structurally designed, constructed, and maintained in accordance with all applicable provisions of the International Building Code.
3. Signs shall not be located in a manner which interferes with pedestrian travel or poses a hazard to pedestrians.
4. All signs and sign structures shall be maintained in good order, repair, and appearance at all times so as not to constitute a danger or hazard to the public safety or create a visual blight. If the Building Official/City Planner determines any sign or sign structure to be in an unsafe or unsightly condition, he/she shall immediately notify, in writing, the owner of such sign who shall correct such condition within forty-eight (48) hours. If the correction has not been made within forty-eight (48) hours, the Building Official/City Planner may have the sign removed if it creates a danger to the public safety or welfare, or have any necessary repairs or maintenance performed at the expense of the sign owner, or owner or lessee of the property upon which the sign is located.
5. Signs may be illuminated or non-illuminated, unless otherwise restricted herein. The source of the sign's illumination shall not be visible from any street, sidewalk, or adjacent property. This shall not preclude the use of neon sign elements.
6. Freestanding signs shall be incorporated within a landscaped planter area of at least twenty-five (25) square feet.
7. Sign area shall be measured as follows:
 - a. Sign copy mounted or painted on a background panel or area distinctively painted, textured, or constructed as a background for the sign copy shall be

- measured as that area contained within the sum of the smallest rectangle(s) that will enclose both the sign copy and the background.
- b. Sign copy mounted as individual letters or graphics against a wall, fascia, mansard, or parapet of a building or other structure that has not been painted, textured, or otherwise altered to provide a distinctive background for the sign copy shall be measured as a sum of the smallest rectangle(s) that will enclose each word and each graphic in the total sign.
 - c. For multi-face signs, only the largest single face shall be counted as the area.
8. Sign height shall be measured as follows:
- a. Pole or pylon sign(s): The height shall be the vertical distance from the top of the highest element of the sign or sign structure to the top of the curb or crown of the roadway where no curb exists. The height of any monument base or other structure erected to support or ornament the sign shall be measured as part of the sign height.
 - b. Monument signs must have at least a one (1) foot high pedestal, and the illuminated cabinet may not exceed five (5) feet in height for a total of six (6) feet. The height to the top of the sign as measured from the street curb may vary depending upon landscaping, but the combined height of the sign and berming/landscaping may not exceed nine (9) feet unless specifically authorized herein.
 - c. Wall, fascia, mansard, and parapet mounted signs: The height shall be the vertical distance to the top of the sign or sign structure from the base of the wall on which the sign is located.
9. The maximum height for freestanding signs are as follows:
- a. Pole or pylon signs: 25 feet except for parcels contiguous to I-15 which the signs may be 35 feet in height.
 - b. Monument signs: 6 feet not including berming/landscaping
 - c. Other freestanding signs: 25 feet
10. Freestanding signs (pole, pylon and monument) are allowed for any size parcel provided that the parcel has 50 lineal feet of street frontage.
11. Freestanding signs (size requirements)
- a. Monument sign area is determined by the following formula: thirty (30) square feet plus one (1) square foot per one (1) lineal foot of street frontage over 50 feet, maximum size is 80 square feet unless specifically authorized herein.
 - b. A freestanding pole/pylon sign may not exceed 80 square feet unless specifically authorized herein.
12. Reader boards and electronic message centers may be allowed, however, devices shall not exceed 50 percent of the total freestanding sign area.
13. Wall signs should be the primary form of identification for business uses in the City. Each business is entitled to one wall sign if the following criteria are met:
- a. The sign may not occupy more that 15 percent of the front flat wall area.
 - b. The 15 percent may be divided into more than one sign.
 - c. Secondary wall signs may be approved by the city planner if the sign does not exceed 5 percent of that wall.
14. Signs in planned commercial centers that are one (1) and up to five (5) acres in size

allow the following:

- a. One (1) primary multi-tenant freestanding pole or pylon sign per project may have a total of 160 square feet.
 - b. Planned centers with two (2) or more street frontages over 100 feet are allowed one (1) sign on each street frontage. The signs must be separated by at least 100 feet as measured in a straight line between the signs. The second sign must be a monument sign not to exceed 48 square feet.
 - c. A freestanding building located within a planned center may request a monument sign up to 30 square feet provided that the freestanding building lot is contiguous to a major arterial street and has at least fifty (50) feet of street frontage. The sign must be in architectural harmony with the signage within the project and not be within 50 feet of any other freestanding sign within the development.
 - d. Planned commercial developments must have a sign theme and plans must be submitted for the overall placement and design for the development.
15. Signs in planned commercial centers that are over five (5) and up to ten (10) acres in size allow the following:
- a. One (1) primary multi-tenant freestanding pole or pylon sign per project may have a total of 180 square feet, an additional primary multi-tenant freestanding sign may be approved if the project has over 500 feet of frontage. The additional sign must be approved by the Development Review Committee and the signs must be a minimum of 300 feet apart.
 - b. Planned centers with two (2) or more street frontages over 100 feet are allowed one (1) monument sign on each street frontage. The signs must be separated by at least 100 feet as measured in a straight line between the signs. The monument sign can not exceed 48 square feet in size.
 - c. A freestanding building located within a planned center may request a monument sign up to 30 square feet provided that the freestanding building lot is contiguous to a major arterial street and has at least fifty (50) feet of street frontage. The sign must be in architectural harmony with the signage within the project and be 50 feet from any other sign within the development.
 - d. Planned commercial developments must have a sign theme and plans must be submitted for the overall placement and design for the development.
16. Signs in planned commercial centers that are ten (10) or more acres in size allow the following:
- a. One (1) primary freestanding pole or pylon multi-tenant sign is permitted per project. Additional primary multi-tenant freestanding sign(s) may be approved for each additional 700 feet of frontage. The additional sign(s) must be approved by the Development Review Committee and be a minimum of 500 feet from any other primary freestanding sign. Freestanding sign(s) must meet the following:
 - i. 10 to 39 acres may have up to 200 square feet of signage.
 - ii. 40 to 69 acres may have up to 260 square feet of signage.
 - iii. 70 and over acres may have up to 320 square feet of signage.
 - b. Planned centers with two (2) or more street frontages over 100 feet are allowed one (1) monument sign on each street frontage not to exceed 48

square feet in size. The signs must be separated by at least 100 feet as measured in a straight line between any freestanding signs for the development.

- c. A freestanding building located within a planned center may request a monument sign up to 30 square feet in size provided that the freestanding building lot is contiguous to a major arterial street and has at least fifty (50) feet of street frontage. The sign must be in architectural harmony with the signage within the project and not within 50 feet of any other signs for the project.
- d. Planned commercial developments must have a sign theme and plans must be submitted for the overall placement and design for the development.
