A MESSAGE FROM THE DIRECTOR

Let me start off with thanking you for taking the time to see what your Public Safety Department has been doing this past year. You may already be aware that I was appointed Public Safety Director in June. It was a grueling hiring process which included four separate interviews as well as written responses to questions asked by the hiring panel. There were several qualified candidates and being the one selected was very humbling.

During this same time we had two officers change employers and Lieutenant Johnston retired. We therefore were down four officers and had several leadership positions to fill. Over the next few months I promoted two sergeants, Cory Slaymaker and Matt Johnson, to Lieutenants and promoted two Patrolman, Courtney Jones and Phil Nielsen, to Sergeants. We then hired four new officers and put them through our on the job training program. All are doing very well in their respective positions.

I invite you to get to know your local police officers. Attached you will find our current organizational chart with the assignments in which our officers are currently serving. Also you will find our Mission Statement. Many hours of discussion and editing went into the development of this statement. We truly have a desire to do all we can to help our citizens to enjoy community living by following and implementing our Mission Statement.

We would like our citizens to know that whether they are calling for assistance in finding lost or stolen property or calling for help in a major life changing incident, Spanish Fork Ambulance, Fire and Police Officers will provide the service needed in a professional manner. Be assured that our officers are highly trained in all areas of Public Safety Service and will do all that is possible to achieve a desired outcome.

Your Public Safety Department realizes that it takes, among other things, dedication, education, experience and above all community involvement for us to be successful at our jobs. We encourage all citizens to be educated on crime prevention and other safety issues as well as to be involved in community safety by reporting crimes and suspicious activities.

If you have any needs or desires of your Public Safety Department please contact us.

We are here to Protect and Serve.

Chief Steven G Adams

Mission Statement

We, the Spanish Fork Police Department, are committed to serving all facets of our community with professionalism, fairness, respect and compassion. Driven by a desire to serve, we investigate problems as well as incidents, seeking solutions and fostering a sense of security in neighborhoods and individuals.

We are committed to providing safety, protection and service while instilling confidence and providing for a better quality of life for all people. This will be accomplished by enforcing the law while protecting citizen's rights, freedoms and constitutional guarantees.

We are dedicated to providing a quality work environment and the development of its members through effective training and leadership. Further, we pledge excellence, initiative, and integrity.

Administration

ADMINISTRATIVE DIVISION

Prepared by Lt. Matt Johnson

Lt. Matt Johnson

The Administrative Division provides services to the public as well as to other Divisions within the Police Department. Our goal is to serve the citizens and officers. When citizens respond to the Police Department for assistance the Administrative Division is the initial contact and our members guide the citizens to the appropriate personnel.

The Administrative Division consists of the secretarial staff, the animal control officer and numerous school crossing guards. The Division is responsible for training, the cataloging and custody of evidence, computer systems, new recruit hiring and training, buildings and grounds and policy review and implementation. The Division is also responsible for the City Youth Peer Court.

Animal Control

Spanish Fork City's Animal Control Officer is Mark Byers. Mark has served in this capacity for 26 years. In addition to his duties at the Police Department Mark is also a member of the City's ambulance crew where he serves the citizens of the community on the day shift medical crew. Mark will respond after hours to dog bites and unique animal calls where his expertise is required. Mark coordinates and hosts two rabies clinics annually. Two members of the secretarial staff assist Mark with the rabies clinics.

Spanish Fork City has contracted with the South Utah Valley Animal Shelter to house and assist in sheltering animals from the Spanish Fork area. Several other neighboring cities also are part of this Special Service District.

Secretarial Staff

The secretarial staff of the Police Department consists of three full time employees and one part time employee. The staff members are Jill Thorpe, Janet Bryan, Heather Frost and Lydia Evans. Not only are the staff members proficient in their own duties but they possess the skills and knowledge necessary to assist with all the requirements of the secretarial staff. Their duties include fingerprints, citations, weed abatement billing, fire and ambulance billing, traffic accident reports, the management of crossing guards, fix it tickets, GRAMA requests, the correct entry of reports and traffic school management. This is in addition to answering telephones and greeting citizens who respond to the Police Station.

The secretarial staff often deals with citizens who are experiencing a crisis or difficulty in their lives. The staff is able to assist and offer comfort to those who are seeking assistance from the Police Department.

Crossing Guards

Spanish Fork City employs 23 crossing guards who cover 12 school crossings twice per day. These employees are a great asset to the City as well as to the citizens they serve. The crossing guards ensure that the school children safely travel to and from school. One of our longtime crossing guards Ernest Taylor suddenly passed away this year. Ernest served the City for 17 years as a crossing guard. He will be missed by the school children.

City Youth Peer Court

The City Youth Court offers offenders the opportunity to avoid Juvenile Court and thus avoiding a criminal record. The offender and their parents attend a Youth Court hearing where sanctions are imposed by the Youth Court members. If the offenders complete the imposed sanctions then the charge is dismissed. Often these sanctions consist of community service and letters of apology to victims and the offender's parents. This has been a successful program and has had a positive impact on the offenders, their families, the victims and the community.

Public Information

Spanish Fork Police Department is making a push to keep the citizens informed on the happenings within the department. Weekly appearances are made on SFCN giving updates on incidents of interest happening in the city. Many public service announcements have been produced and are being broadcast on SFCN and being played in the foyer of the office. Those include such things as internet safety, pedestrian crossing, traffic accident safety, winter driving, child safety restraints and many others.

Officers conduct training to the citizens covering a variety of topics such as personal safety, identity fraud, home safety, merit badges and so on.

Parlent/Community Alert is another tool in which phone, email or text messages can be sent to residents when the need arises.

We have recently began using Facebook and Twitter social media sites to keep citizens informed. Those sites proved very useful this year in helping to locate a missing person.

We will continue using these means as a way to improve our communication with the citizenry.

Investigations

INVESTIGATIONS DIVISION

Prepared by Lt. Cory Slaymaker

The Spanish Fork Police Department Investigations Division has the responsibility of conducting the follow up investigations on criminal cases as well as some non criminal cases including:

Property Crimes such as arson, burglary, robbery, theft, forgery, fraud and identity theft.

Person Crimes such as homicide, assault, kidnapping and sex offenses.

Public Health and Safety Crimes such as weapons offenses, alcohol, tobacco, illegal drug use, drug trafficking and pornography violations.

Non Criminal Cases such as runaways and death investigations.

Lt. Cory Slaymaker

Manpower and Responsibilities

The Investigations Division is responsible for general investigations as well as numerous special investigative responsibilities.

Detectives are assigned as follows:

- Investigators
- Drug Enforcement Officer
- Utah County Major Crimes Task Force Officer
- School Resource Officers

The Lieutenant directly supervises the Sergeant. He is responsible for reviewing cases and assigning the cases to the detectives for follow up investigations and monitoring their performance and quality of work. He also assists in investigations and major investigations as needed.

The Sergeant directly supervises five detectives. He also carries a caseload of active investigations and follows up on these investigations. He closely monitors the investigations conducted by the detectives under him and provides assistance and suggestions as needed.

School Resource Officers

There are currently two officers assigned as School Resource Officers. There is a full time school resource officer assigned to Spanish Fork High School, Zach Adams, and a part time school resource officer assigned to Maple Mountain High School, Tyler Beddoes. A Law Enforcement Class is taught at both of these schools by the school resource officer. They also assist the administration and staff with problems that arise not only at Spanish Fork and Maple Mountain High Schools but also at Landmark High School, American Leadership Academy, Spanish Fork Jr. High, Diamond Fork Jr. High and occasionally at the elementary schools. They help provide a security presence in the schools as well as enforcing laws and investigating offenses that occur on and around the campuses. In addition to the school activities, they are also assigned cases requiring general follow up.

Drug Enforcement Officer

Because of the changes in the department in 2012 an officer was only assigned to this position for six months of the year. Bryan DeWitt was assigned as the Drug Enforcement Officer beginning January 2013. The Drug Enforcement Officer addresses the issues of local drug enforcement. He conducts drug prevention presentations to schools, churches, civic groups and most other groups requesting a presentation on drugs or drug use prevention. There is plenty of work to do and the position will be maintained as there is a constant need for attention in these areas.

2013 Statistics

- Arrested Suspects
 - Felony 84
 - Misdemeanor 75
 - Total 159
- Search Warrants Executed 15
- Seizures
 - Cash \$2270
 - Vehicles 0
 - Guns 4
 - Marijuana Grows 0
 - Meth Labs 0

Three warrants resulted in \$1000 of stolen property recovered.

Controlled Substance	Quantity	Street Value
Marijuana	39.4 grams	by the gram \$ 750
Methamphetamine	25.8 grams	by the 8 ball (3.5 gm) \$2,580
Other Prescription Medications	30	\$15 average per pill \$ 450
Heroin	12.5 grams	by the balloon \$1,250
Psilocybin Mushrooms	9.3 grams	by the ounce \$ 150
Spice	0 grams	by the gram \$ 0
Cocaine	1.5 grams	by the gram \$ 150
TOTAL		\$ 5,330

Major Crimes Task Force Officer

This position serves as a representative to the Utah County Major Crimes Task Force. The primary function is to target illegal drug use and trafficking and closely related crimes throughout Utah County that are often associated with drug abuse. The Task Force Officer is often involved in large scale cases involving drug trafficking. They try to investigate the large scale trafficker which in some cases lead to cases outside Utah County as well as outside the state of Utah and outside the country.

2013 Statistics

- ** Numbers are for January 1 - November 15 only.
- Felony Arrests 607
 - Seizures
 - Cash \$657,680
 - Vehicles 20
 - Guns 171
 - Marijuana 156 lbs
 - Meth 105 lbs
 - Cocaine 5.5 lbs
 - Heroin 106 lbs
 - Spice 1200 lbs
 - RX drugs 9000 units
 - Wire Taps 22
 - Take up to 6 months to work

Utah County Sex Crimes Task Force

Spanish Fork Investigations Division has three investigators assigned to the Utah County Sex Crimes Task Force. This allows the investigators to receive up to date training in the area of sex crimes and child abuse type cases. It also allows our agency to share information regarding sex offenders and work together to assure the registered sex offenders in our jurisdiction are compliant in their registration.

Internet Safety for Teens

In conjunction with Nebo School District the investigation division presents a two day course on Internet Safety. These classes are given to all 7th grade students attending Spanish Fork and Diamond Fork Junior High. Detectives cover topics such as internet predators, cyber bullying, general computer safety, cell phone usage, texting and image sharing. It takes approximately 40 hours per school year to teach this curriculum.

Child Abduction Response Team (Utah Valley CART)

The Spanish Fork Investigations Division has three investigators assigned to CART. This multi-agency child abduction team will respond to abducted, missing and endangered child cases in a timely and efficient manner. The participating agencies for the Utah Valley CART include all of the cities in Utah County along with Heber City, Nephi, Utah Highway Patrol, FBI, ICE, AP&P, and the Utah Attorney General CART. CART provides expert resources to augment organized investigative efforts and assures the victim family and community that all resources are utilized for the successful recovery of the child. CART responds to approximately 8 calls throughout the county per year.

In August of 2012 Spanish Fork had a male in his 20's go missing. This male was disabled and was a new member of the community only residing here for approximately two months. He was living with family on the east side of town. He originally lived in New Mexico where he had friends and family. He decided that he no longer wanted to be in Utah and left home attempting to make his way back to New Mexico.

Investigators and volunteers from multiple agencies assisted in door to door efforts to locate the missing individual. Fliers and notices were sent to the media and posts on social media sites helped us locate this young man in Monticello, Utah.

Without the efforts of CART and help from multiple agencies, scenarios like this would be difficult to successfully solve in a timely manner.

Department of Family Services

The Department of Family Services and Spanish Fork Police Department work hand in hand in solving child abuse and sex abuse cases within our community. The Police Department is seeing referrals on a daily basis that require immediate attention and follow up in an effort to secure and provide safety for the children of the community. In 2012 there were 103 DCFS referrals which required police action. These can be one of two types of referrals. Either sexual abuse of a child or child abuse. We also investigated 46 non police action referrals. These include non criminal events such as welfare checks on children left home alone, reports of no parental supervision and third party reports where information is limited. Although non police action is needed they still require follow up and contact with DCFS.

Alcohol/Tobacco Compliance Checks

Alcohol and tobacco compliance checks are completed by our school resource officers in conjunction with the Utah County Health Department. Quarterly checks are completed at all businesses that sell tobacco and alcohol within the city limits. The County Health Department coordinates with an underage buyer who works closely with law enforcement in attempting to purchase both alcohol and tobacco. In 2012 there were 3 alcohol sales and 1 tobacco sales to the underage buyer. The clerks who sale these items are issued a citation and must appear in court on the violation. The Health Department also fines the businesses and/or can suspend or revoke their license to sale these items.

Patrol

PATROL DIVISION

Prepared by Lt. Brandon Anderson

Lt. Brandon Anderson

The Patrol Division of Spanish Fork City Police Department is comprised of one Lieutenant, three Sergeants, and fifteen officers. This includes a traffic enforcement officer and a code enforcement officer. The primary responsibility of the Patrol Division is to provide 24 hour a day police response. Officers respond to calls for service in both emergency and non-emergency situations.

Aside from responding to dispatched calls, officers are responsible for patrolling neighborhoods, enforcing traffic laws, enforcing city and state codes and ordinances, investigating traffic accidents, providing traffic control, investigating cases, providing presentations to citizens of the community, teaching DARE in the elementary schools, and other duties as assigned.

The patrol officers are most likely to be in direct contact with the public. We strive to provide the best possible customer service to the public. Spanish Fork Patrol Officers have pride in the uniform they wear. They are of the highest integrity and bring honor to the uniform and to the City of Spanish Fork.

SWAT

The SWAT team is run through the County Sheriff's Office. We usually have two officers assigned to the team. Both officers that were serving in this assignment left our department to work at other agencies so we have no one assigned at this time. Those two positions will be filled in early Spring. It is the goal of the department to get all officers through this training and fitted for the SWAT equipment. Currently five officers have been through the training and served on the SWAT team.

Traffic School

Traffic School has been a great success. The class is very educational. It also provides the violator attending the class the opportunity to interact with the officer teaching the class. The class provides updated traffic related laws and can educate drivers who have not been involved with a traffic class for some time to understand the current problems that officers see and provide the education needed to make our streets safer.

Reserve Program

The Police Department has recently implemented a Reserve Program. The officers hired as reserve officers are graduates of Utah Peace Officers Standards and Training. The officers are non paid officers with full law enforcement powers. The reserve officers will go through a Field Training program where they will work with other officers until the training is completed successfully. Reserve officers can be utilized in many situations. They can be used during special events, traffic control, traffic enforcement and basically any other function that a full time patrol officer can do in Spanish Fork. I see the reserve program becoming a key part of the police department in providing cost effective staffing for the numerous special events held throughout the community. We currently have two reserve officers that are in field training.

Code Enforcement Officer

The Code Enforcement Officer is assigned to the Patrol Division. The Code Officer has a wide range of responsibilities. Some of the duties include but are not limited to handling nuisance situations such as nuisance yards or lots, abandoned and disabled vehicles, construction debris, noise complaints, noxious weeds, zoning violations and other code violations.

New Officers

Over this last year due to several changes in the Police Department we have hired four new officers. Three of the officers that were hired come with some law enforcement experience and one is new to law enforcement.

Blake Ottesen was previously employed by Salem City Police Department. Brandon Johnson is new to Law Enforcement and recently graduated from Utah Peace Officers Standards and Training. Clay Hooley was previously employed by Salt Lake County Sheriff's Office and was working in corrections. Clint Peterson was previously employed by Utah Department of Corrections full time as a corrections officer and he was also a part time officer for Orem Police Department.

DARE Program

The DARE program is currently being taught in all of the Nebo School District elementary schools in Spanish Fork. It is also being taught at the American Leadership Academy. The class is taught to 5th grade students by a trained DARE officer. We currently use five officers to teach at the schools both in the fall and the spring.

Substance abuse continues to be a serious problem in America. The consequences to families, children, and society in general are devastating. Research has proven that children who reach adulthood without using tobacco, alcohol, illegal drugs or abused legally prescribed drugs will be far less likely to develop a substance abuse problem. This program also provides officers and young people the opportunity for positive interaction. This provides trust and lasting relationships. The officer serves as a positive role model and can use his influence to encourage our youth to be productive citizens.

DARE is an important link which has empowered partnerships between the community, parents, schools, and police in addressing the substance abuse among our youth.

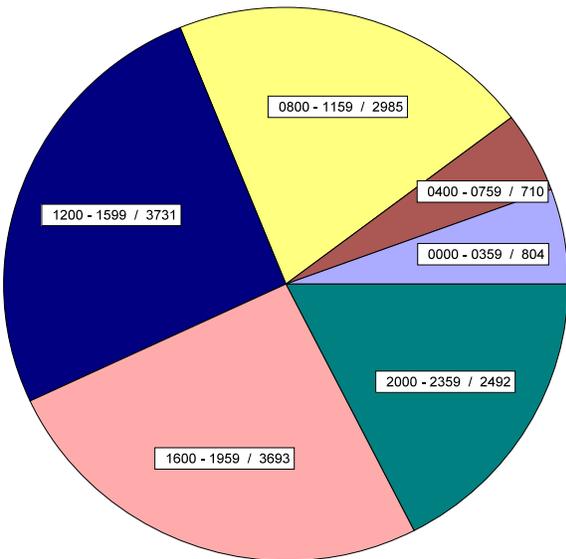

Statistics

Calls for Service

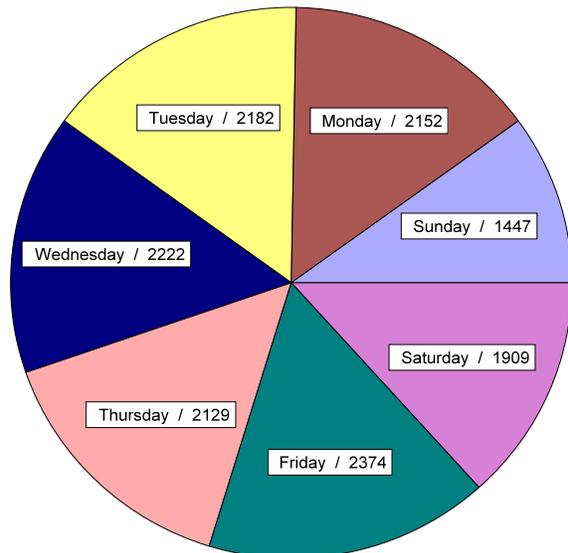

A call for service is a request for assistance from someone in the community. Most calls handled by the department are calls for service as opposed to crime calls. These may include: helping a motorist, fingerprinting, civil problems, accident reports and public presentations. The majority of the officer's time is spent on these types of calls. The charts below include ALL calls that officers responded to in 2012 which totaled 14415. Along with those calls, 11,399 telephone calls were answered by the office secretaries.

During the year officers handled an average of 39 calls per day. The secretaries handled an average of 45 phone calls and numerous walk ins per day.

Calls by Hour of the Day

Calls by Day of the Week

How Calls are Received

Request Method	2012	2011	2010
Dispatch	11,756 (32 per day)	11,028 (30 per day)	10,481 (29 per day)
Police Department	11,399 * (45 per day)	11,771 * (47 per day)	21,855 (116 per day)
Officer Initiated	4848 (13 per day)	2697 (7 per day)	Not Available
TOTAL	28,003	25,496	32,336

* Does not include walk-ins for Police or City Attorney

These include all calls taken by the three means. Not all of these calls would get a case number. Many of the calls are simply phone calls into the police department for officers or asking basic information questions.

The following table lists each type of Call for Service officers were dispatched to and the number of times they were dispatched for 2012.

Adult Abuse or Neglect	1	Burglary-Resd-Forced Entry	11

Total Incidents:	14415		

Yearly Comparison

All incidents handled	2012	2011	2010
Total Incidents Handled	14,415	14,081	14,408

Event Clock

This chart shows how often crimes are occurring in Spanish Fork City in days, hours and minutes.

a Rape	occurred every	41 days
a Robbery	occurred every	73 days
an Aggravated Assault	occurred every	73 days
a Child Abuse	occurred every	26 days
a Vehicle Theft	occurred every	28 days
a Sex Offense	occurred every	6 days
a Domestic Violence	occurred every	4 days
a Simple Assault	occurred every	3 days
a Burglary	occurred every	3 days
a Vandalism	occurred every	1 day
a Family Problem/No Violence	occurred every	1 day
a Traffic Accident	occurred every	13 hours
a Theft	occurred every	14 hours
a Call for Service	occurred every	36 minutes

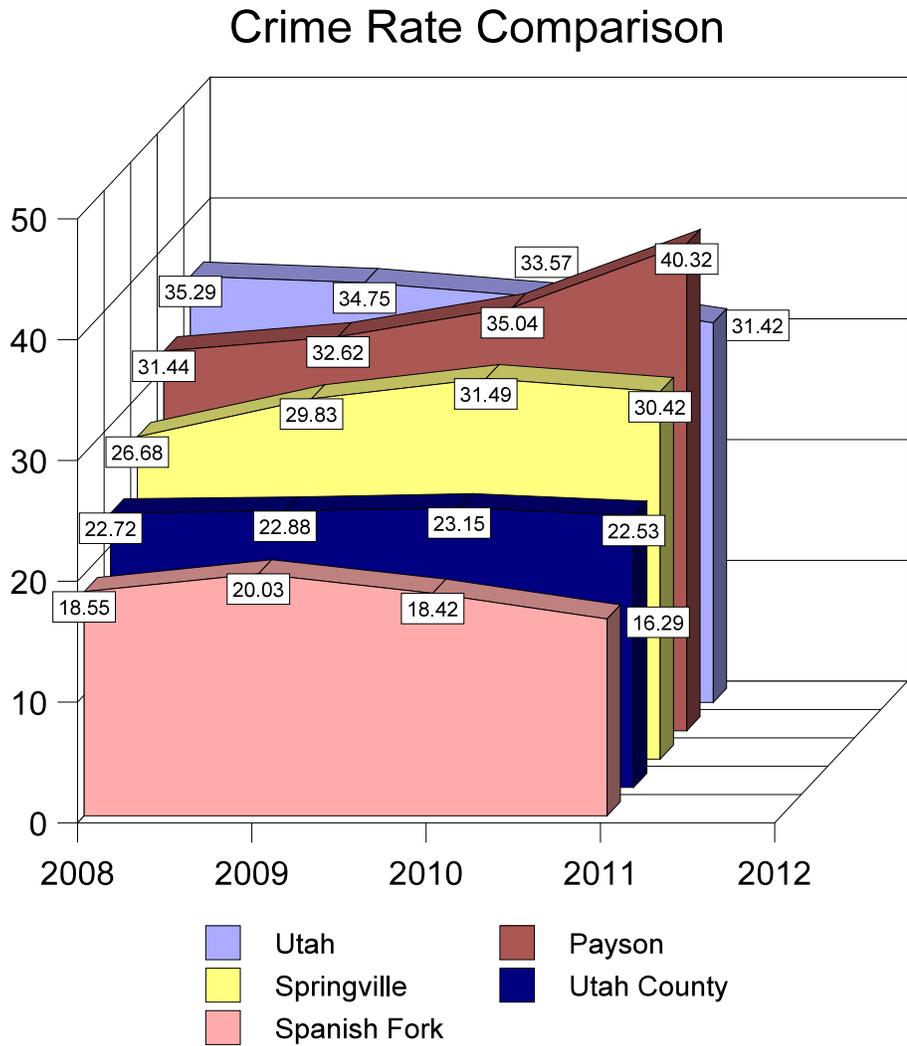

Major Crime Comparison

OFFENSE	2012	2011	2010	2009	2008
HOMICIDE	0	0	1	0	1
RAPE	9	7	6	4	7
ROBBERY	5	2	3	3	2
AGGRAVATED ASSAULT	5	10	4	5	5
BURGLARY	105	108	140	126	127
THEFT	610	734	791	785	675
AUTO THEFT	13	23	21	34	25
TOTAL	747	884	966	957	842

As you can see the number of major crimes for our city has decreased the past two years. We contribute this to the officers spending time where thefts have occurred in the past and deterring those would be thieves from committing crime.

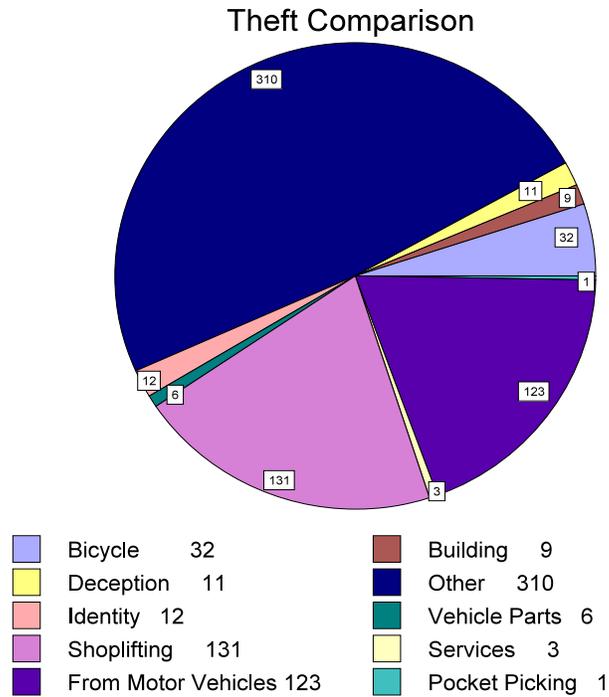

Crime Rate Comparison

These comparisons are retrieved from the Crime In Utah publications produced by the State of Utah. 2012 information is still being compiled therefore is not available at this time.

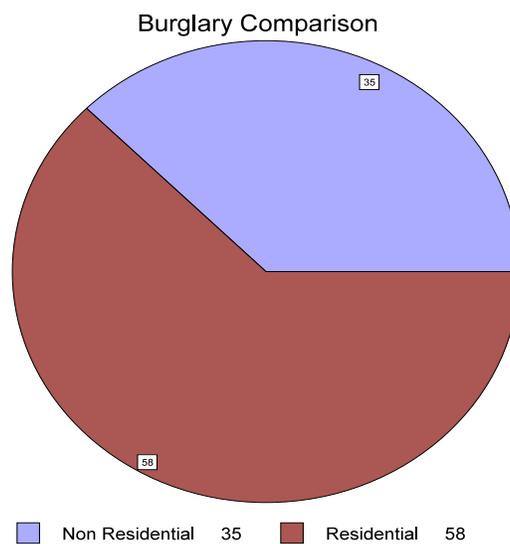

Theft Reports

Number of theft reports taken and the type of theft.

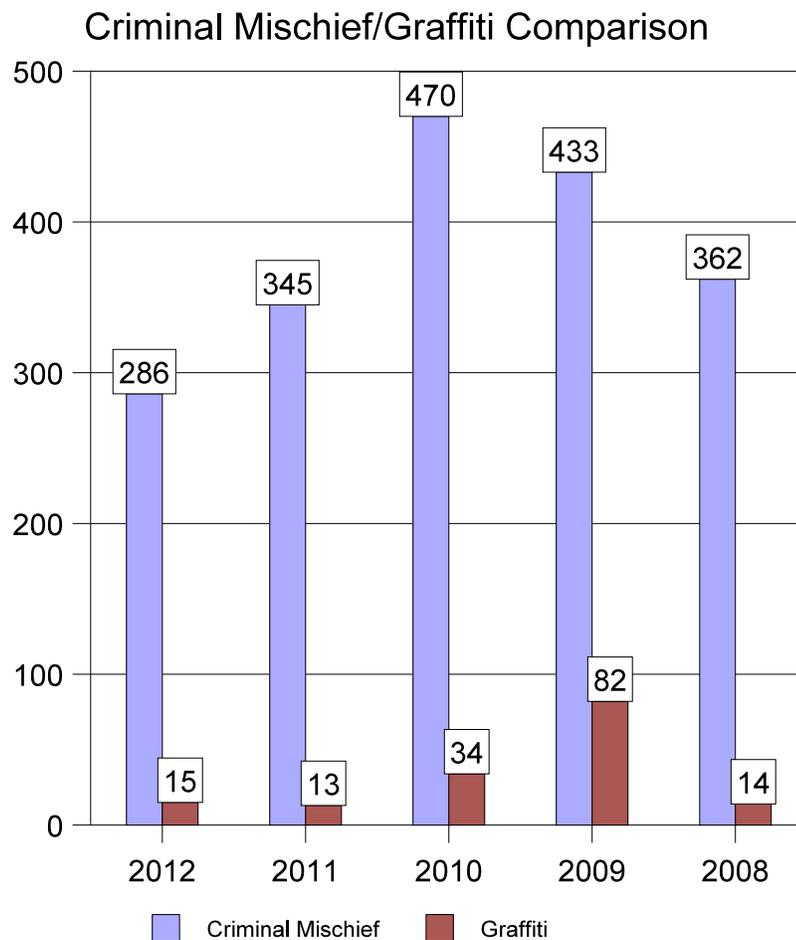

Burglary Reports

Number of burglary reports taken and the type of burglary.

Criminal Mischief Reports

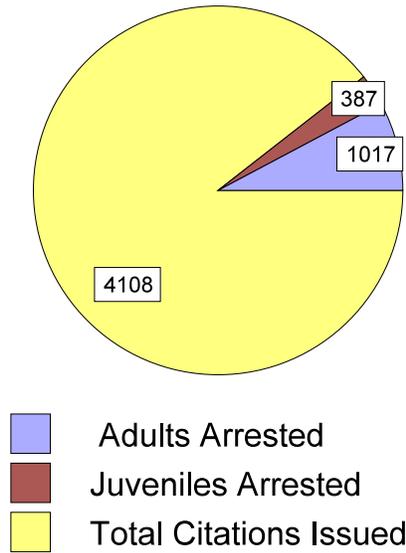

Criminal Mischief is commonly called Vandalism. Criminal Mischief is done in a variety of ways by damaging or defacing property. One form of criminal mischief is graffiti. Graffiti is usually an indicator of gang activity. We have included graffiti as a separate category of criminal mischief.

Arrest Statistics

The yellow sections is the total number of citations issued to individuals on traffic stops. Arrest information is the number of charges individuals were arrested for broken down by juveniles and adults. For example shoplifting, assault, burglary, trespassing, curfew, etc.

Arrest Statistics

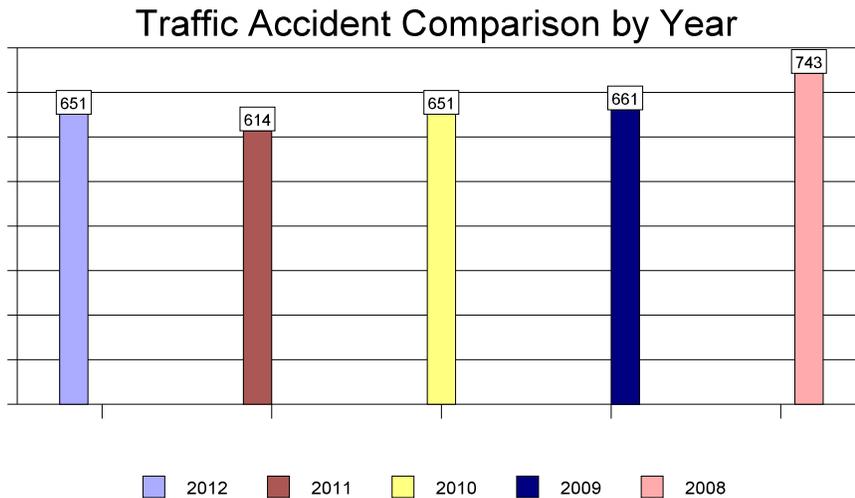

Yearly Comparison

	2012	2011	2010
Adults Arrested	1017	926	1052
Juveniles Arrested	387	319	530
Total Citations Issued	4108	3376	4672

Traffic Accidents

Spanish Fork Police Department takes traffic enforcement very serious. Nationally, more people are injured and die from motor vehicles accidents than all crimes combined.

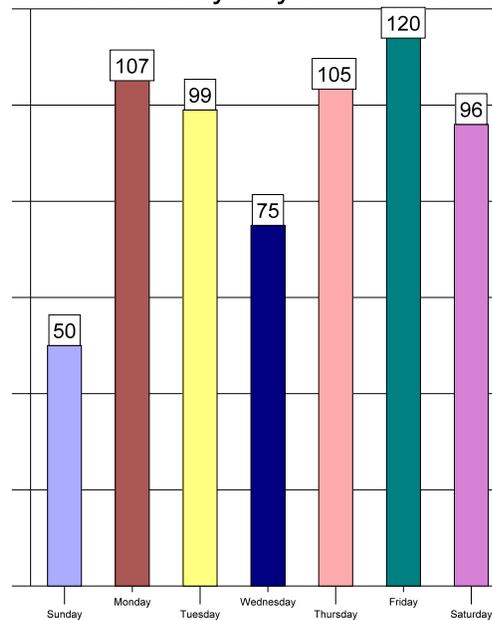

Month	Total	Damage	Injury	Fatality
January	51	33	18	0
February	32	26	6	0
March	60	46	14	0
April	56	43	13	0

History

Retirees

Chief Dee Rosenbaum

Chief Dee Rosenbaum retired from the City after 34 years of service. He served as a patrol officer and a detective before being appointed as the Chief of Police in 1985. He was highly revered among his fellow chiefs. In 2004 he was chosen as the Outstanding Chief by the Utah Chiefs of Police Association. He was one of the longest tenured chiefs in the state. During his command the department grew from 13 officers, 1 ACO and 1.5 secretaries to 28 officers, 1 ACO and 3.5 secretaries. Many programs were implemented and perfected under his authority. He was a great asset to the Department and the City of Spanish Fork.

Lt. Carl Johnston

After 34 years of dedicated service to Spanish Fork, Lt. Carl Johnston retired. During his tenure, Carl served in many capacities from animal control to patrol lieutenant. Carl always said he enjoyed the patrol division the most so that is where he stayed. He enjoyed the hands-on contact with people and treated them how he wanted to be treated. Carl always tried to do the right thing. He was an excellent supervisor and co-worker. He was always supportive and tried to keep the well being of everyone in mind -- whether they be citizens or other officers.

Changes in Department Leadership

With the need to replace the Chief many changes were made within the department. The first line of business was the appointment of Steven G. Adams as new Chief of Police. Chief Adams first act was to fill the open lieutenant position. While in that process, Lt. Johnston tendered his resignation. This in turn caused two lieutenant positions to be open. Sgt. Cory Slaymaker and Sgt. Matt Johnson were selected to fill those vacancies. Lt. Brandon Anderson was moved from the Investigation Division to the Patrol Division. Lieutenant Cory Slaymaker was assigned to the Detective Division and Lieutenant Matt Johnson was assigned to the Administration Division.

With those changes two sergeant positions were needed. After testing and interviews Courtney Jones and Phil Nielsen were selected for those positions. Both sergeants will be serving in the Patrol Division while Sgt. John Jackson was moved to the Investigation Division.

The department has made a smooth transition to this new line of supervision. It is felt that with these new changes the department will function at a very high efficiency level.

Chief of Police

Steven G. Adams was appointed as the new Chief of Police on July 1, 2012. Chief Adams has 27 years of experience. He has a Bachelor's degree in Criminal Justice and a Master's degree in Public Administration. He has received many awards and commendations while employed in Spanish Fork. He started his law enforcement career in Mapleton where he worked for three years before coming to Spanish Fork. He worked his way up the ranks at Spanish Fork beginning as a patrol officer. He was quickly assigned to the detective division where he was very successful in handling a very busy work load. He was promoted to Sergeant and continued in the Detective Division. He was then chosen as the first Administrative Lieutenant in the department. He was a very valuable asset working closely with the Chief of Police. Steve was instrumental in the successful construction of the new Public Safety building.

Chief Adams will be a great leader for the department. His experience and expertise in law enforcement administration should prove to be a great asset to the department and the City of Spanish Fork.

New Hires

Also during the department leadership changes, two patrol officers, Justin Gordon and Greg Sherwood, resigned from the department to work for the Utah County Sheriff's Office. We were able to hire four new officers to fill vacancies. These new officers are a great addition to the department. They come with various amounts of experience.

Blake Ottesen

was previously employed by Salem City Police Department. He came to Spanish Fork with 5 ½ years of law enforcement experience. He was hired in June.

Clay Hooley

was previously employed by Salt Lake County Sheriff's Office. He has been working in Corrections for 3 years. He was hired in August.

Brandon Johnson is new to Law Enforcement. He graduated from Utah Peace Officers Standards and Training in May. Brandon began his career in June.

Clint Peterson was employed by Utah Department of Corrections for two years and worked part time for Orem for two years. He was hired in October.

Recognitions and Awards

The first annual Police Department Awards Banquet was held. Life Saving Awards and Education Awards were given out. Because not all officers had received their awards in the past many were given awards that had been earned in previous years.

Drop, Cover and Hold On

On April 17 at 10:15 a.m., the state of Utah held its first statewide earthquake drill. It was the largest of its kind ever to be held in the state. It was called the Great Utah ShakeOut.

Utahns were asked to stop what they were doing and drop, cover and hold on for one minute. Then, when the "shaking" stopped citizens were asked to review emergency plans. At the office we participated in the ShakeOut. After the one minute of dropping under our desks we met and reviewed what things we as employees were to do in the event of an actual earthquake. It was a great chance to review our roles in anticipation of when an actual earthquake hits the area.

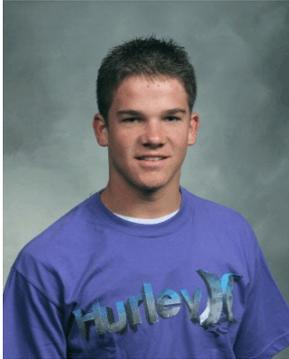

National Award

Steven Adams was awarded the Veterans of Foreign Wars National Law Enforcement Officer of the Year award. In order to win the national award you must first win on the state level and then on the regional level. We are very proud to have officers win this prestigious award.

Special Olympics Torch Run

Each year the department participates in the Torch Run for the Special Olympics. Many officers and staff participate in this worthy cause. Our department runs with the torch for approximately 3 miles.

Major Cases

RESIDENTIAL FIRE

In the early morning hours of June 12, 2012 citizens reported a house on fire at 2305 East Canyon Road. This was a three alarm fire with assistance from Salem, Mapleton, Spanish Fork Fire, Police and EMS. Once officials arrived on scene they learned a 2 year old child was still inside the home. Due to the intense flames and instability of the structure, firefighters were unable to enter the home. After the fire was extinguished, Police and Fire personnel located the 2 year old boy in his bedroom under a desk. The young boy was succumbed by smoke and fire and died as a result.

Police Officers Prayer

Lord I ask for courage

Courage to face and Conquer my own fears...

Courage to take me Where others will not go...

I ask for strength

Strength of body to protect others And strength of spirit to
lead others...

I ask for dedication

Dedication to my job, to do it well. Dedication to my
community,
To keep it safe...

Give me Lord, concern
For others who trust me
And compassion for
those who need me...

And please Lord

Through it all
Be at my side...

Department Overview

Spanish Fork Fire Department provides a valuable service to our community of protecting life and property with a commitment to better our community and provide a service above what is required.

The department consists of approximately 31 highly dedicated, hardworking and community oriented emergency responders. Those members donate hundreds of hours of service per month between training, department meetings, emergency responses and a number of other service opportunities.

The department covers an area of 581 square miles. They respond as needed to assist other agencies within the area. They are an all-risk/all-hazards response agency. They are responsible for providing fire response and suppression (structural and wildland), search and rescue, hazmat, special rescue, fire prevention and code enforcement and public education and outreach.

Spanish Fork City and the Fire Department are committed to providing the safest working environment possible for our firefighters.

Currently training for the firefighters includes: Firefighter-I and Firefighter-II, NIMS and ICS training programs, Hazmat, Driver/Operator, Wildland Fire, Technical Rescue and EMS.

The Department operates out of a single fire station with nine fire apparatus and three EMS units.

The average annual call volume is 1200 responses per year. This may not seem like a large amount of work but it is all done by members who also work full time jobs.

Fire Chief

Fire Chief Brent Jarvis has served our city for 38 years. The fire chief plans and organizes activities of the Fire Department with respect to utilization of personnel and equipment in fire prevention, investigation and training, fire suppression operations and general execution. He resolves problems, manages and is responsible for the Fire Department budget. He takes command at fires or other emergency scenes.

Assistant Chief

Assistant Chief Kenny Pruitt has served for 37 years. The assistant chief assists the fire chief in direction and control of firefighters. Under the direction of the chief, he supervises the operation of personnel in performing actions to suppress fire. He is responsible to ensure all firefighting equipment and apparatus are in a serviceable condition and ready for future calls upon returning from any staff activity.

Fire Marshal

Fire Marshal Joe Jarvis has served for 25 years. The Fire marshal is in charge of the several hundred fire inspections annually performed for the fire department. All requests for fire safety inspections coming through Spanish Fork City are direct to the Fire Marshal. The Fire marshal acts as the Safety Officer, during fire and overhaul operations in the interest of safety or protecting evidence related to the scene.

Captains

Spanish Fork Fire Department has two assigned captains Gary Smith and Vern Jackson. The captains take command at the fire scene on initial attack and remain in charge until properly relieved by the fire chief or assistant fire chief. The captain reports directly to the assistant fire chief.

Training Officer

Training Officer Paul Tomadakis is responsible for scheduling all department training including special training and/or guest speakers. He prepares and coordinates training with captains, keeps all training records for the department and prepares performance testing for all personnel.

Engineers

Engineer Justin Burnell is responsible to perform training of fellow firefighters in the proper operation and use of all equipment.

Records Management Officer

Records management officer Russell Jackson has served for eight years, five of which have been as the records officer. The records officer is responsible for administration of software used for fire records management, collecting, compiling, recording, filing and reporting all information pertinent to the Utah Fire Incident Reporting System. He maintains attendance records for the purpose of the annual payroll

Firefighters

Spanish Fork Fire Department has 22 highly skilled and extremely professional firefighters. They put their lives on hold and on the line every day in the service to our community. These brave individuals spend countless hours away from their homes and families while protecting and serving our citizens.

Fire Calls

Angels among us...

*When I am called to duty, God
Wherever flames may rage,
Give me strength to save some life,
Whatever be its age.*

*Help me embrace a little child before it is too late,
Or save an older person from the horror of that fate,
Enable me to hear the weakest shout,
And quickly and effectively to put the fire out.*

*I want to fill my calling,
And to give the best in me,
To guard my every neighbor,
And protect his property.*

*And if according to your will,
I have to lose my life,
Please bless with your protecting hand,
My children and my wife.
Amen.*

The logo is a shield-shaped emblem with a brown border. At the top, the words "SPANISH FORK" are written in a bold, gold, sans-serif font. Below this, there is a circular seal containing a caduceus (a staff with two snakes) and the word "INTEGRITY" at the bottom. The bottom section of the shield features the word "AMBULANCE" in a large, gold, sans-serif font, with the words "PRIDE & PROGRESS" written in a smaller, gold, sans-serif font below it. The entire logo is set against a light gray background.

PRIDE & PROGRESS

Mission Statement

Committed to give so others may live

Mission Goals

To demand of our EMTs nothing less than the best in helping others, treating all patients, irregardless of their condition or state with ultimate respect, withholding all personal judgement.

Personal sacrifice in order to serve with compassion, honor and integrity.

Maintaining competence in the skills to sustain life through education and experience.

Demonstrating confidentiality and discretion through professionalism and kindness, establishing a commitment to excellence in EMS.

Employees

Spanish Fork Ambulance Department currently has 40 members. They are divided into ten shifts. The shifts are divided into day shift and night shift. We staff two ambulances 24 hours a day 365 days a year. When needed we try to establish a third ambulance or call upon mutual aid for assistance. The crews are divided into the following groups.

Department Overview

Four member crews were initiated two years ago due to the transition of members from volunteers to paid positions in our hospitals or joining full time fire departments. Currently we have 15 members who work at a hospital or doctors office as a career and volunteer on the ambulance.

The Ambulance responds to over 1400 calls each year and treats over 1700 patients. We are called upon to teach CPR to the citizens teaching over 800 people each year. We certify many residents in CPR for their careers. The ambulance members are active in safety fairs, and instructing young women groups, scouts groups and relief society groups. The ambulance is required to be present on many of the activities which come to the fair grounds such as rodeos, demolition derby, motorcycle races, events with horses and rough stock and mass gatherings like the County Fair. Most of these events are covered by our third ambulance so we can maintain two ambulances for emergency calls. You will see us on the marathons, Harvest Hurrah, Fiesta Days, Lawn Mower races, events at the Airport as well as School presentations.

The Ambulance is required to respond with the fire department on all structural fires, smoke alarms, CO alarm calls and vehicle fires.

All members are required to attend training. We offer between 35-40 hours of training each year. We are trained by our training officers, nurses from Mountain View Hospital and from Dr. Jones who is our medical control doctor. There are also several conferences offered each year to assist members in maintaining their skills and required training hours for certification.

EMS PRAYER

AS I PERFORM MY DUTY LORD, whatever be the call,
Help to guide and keep me safe, from dangers big and small.
I want to serve and do my best, no matter what the scene,
I pledge to keep my skills refined, my judgement quick and keen.
This calling to give of my self, most do not understand,
But I stand ready all the time, to help my fellow man.
To have the chance to help a child, restore his laugh with glee,
A word of thanks I might not hear, but knowing is enough for me.
The praise of men is fine for some, but I feel truly blessed,
That you oh Lord have chosen me

TO SERVE IN EMS!

EMERGENCY PREPAREDNESS

PUBLIC SAFETY, PUBLIC TRUST

Emergency Preparedness Officer

Don Thomas is our emergency preparedness officer. He has served the city for 21 years. Don is responsible to train the city and community on emergency preparedness.

Employee Training

City training is conducted with the department heads and others leaders at our Emergency Operations Center that is located at the Justice Center Building. Every department has a role in a disaster. We need our employees trained not only to respond, but to have their families prepared so they can come to work after a disaster.

Presentations

Emergency preparedness presentations are given at wards and stakes yearly.

CERT

Community Emergency Response Teams (CERT) was started in 1994 with Spanish Fork having the first CERT in the State. CERT classes educate our citizens and helps them prepare for disasters. We offer 2-3 classes every year. Each course takes 7 weeks and they are held on Tuesday nights from 7-9:30.

VICTIM
Services
ADVOCATE

TM

VICTIM SERVICES

Prepared by Patty Long

Patty Long has been the Victim/Witness Coordinator for South Utah County Victim Services since 1999. Her position with Spanish Fork is unique because she also serves the citizens of Payson and Salem under an Inter-local Agreement between the three cities. Most of her wages and some other operating costs are paid by a grant from the Federal Government, called "VOCA" or Victims of Crime Act. The three cities contribute to cover the rest of the operating costs and benefits for Ms. Long. VOCA funds are not taxpayer dollars but rather court fees collected from Federal Prisoners.

Patty is on call 24/7 and responds-day or night- to all types of incidents at the discretion of the patrol officer on the scene. She also assists victims of crimes and witnesses in the

courtroom. during regular office hours and is referred cases through the Prosecutor, Nebo School District, Wasatch Mental Health, and the Division of Child and Family Services (DCFS). Her position gives her the opportunity to be an ambassador for Spanish Fork, by checking up on victims of crime and tragedy long after the incident or court case. She makes home visits and telephone calls after the case has been settled to make sure the family's needs are being adequately met and to see if they have any residual questions of the police department or about the court process, to confirm the welfare of the family and to assure the victim and survivors that we are all here to serve them and are all concerned about their well-being. Recently Patty has been tasked with working with the

Center for Disease Control in Atlanta Georgia surveying parents at the scene of child and baby deaths on medical and social history of the baby and family. These surveys are now required by the State Medical Examiner's Office before they will complete a "Sudden Unexplained Infant Death" investigation. With Patty handling this delicate matter and asking questions that some victims may feel are intrusive and insensitive, detective and police officers are freed up at the scene to carry out their duties of investigation. At the end of the visit she always expresses sympathy and condolences on behalf of the entire City, Chief, Mayor, and City Council.

In the past year, strictly in the city boundaries of Spanish Fork, Patty was referred, responded to, or assisted in over 37 domestic violence calls, 7 unattended or unexpected deaths, 1 house fire where a child died, 1 accidental drug overdose victim who later died at the hospital, 9 assaults not involving family members, 3 sexual assaults and 1 child sexual assault as well as several vehicle accidents, dog bites, burglaries, animal poisonings, vandalism cases, fraud, burglaries and thefts. Patty works closely with the prosecutor by assisting victims in seeking restitution, getting protective orders and stalking injunctions through the courts and making the victim and their families "whole" after the crime—both financially and emotionally.

Additionally Patty delivers donated goods to needy families and seniors in the city. Through a partnership with a local merchant, she has delivered hygiene supplies, diapers, formula, gloves, blankets, nutritional supplements, laundry detergent, and even candy and food to our most needy residents. She is responsible for training our new Police Officers to make certain there is not a gap in services to victims and to ensure our officers are well trained and informed on the latest social and legal issues facing them every day.

Patty worked for the Utah County Sheriff's Office for 9 years in the capacity of dispatcher and 5 years as coordinator of the Major Crimes Task Force before joining our team.
