

## **2005 North Industrial Zone Pressure Reduction Valve Stations Project**

### **Description –**

This project will create a North Industrial Pressure Zone in the water system by constructing pressure reduction stations at:

1. 975 North 300 West
2. 1075 North Main Street
3. 1325 North 200 East
4. 225 East Williams Lane

### **Project Scope –**

There will be two phases to this project:

1. Prefabrication
2. Excavation & Vault Construction

1. Prefabrication. The materials for prefabrication will be bid out to the pipe suppliers on the [bidders list](#), see:

<http://www.spanishfork.org/dept/pubworks/engineering/>

These materials will be delivered to the city shop and city crews will prefabricate the plumbing for the pressure reduction stations

2. Excavation & Vault Construction. Bids for the excavation and vault construction will be obtained from bidders list for concrete contractors, see:

<http://www.spanishfork.org/dept/pubworks/engineering/>

### **Project Costs –**

Lowest Bid

Change Orders  
Final Cost

**Projected Timeline –**

Purchase Materials	February 2005
Fabricate PRV's	April 2005
Install PRV's	June 2005

Vaults Pre-bid Meeting	May 25, 2005
Vaults Bid Opening	June 1, 2005

These are tentative dates and could change without notice. Advertisements are made in the Public Notice section of the Daily Herald. All meetings are held at the City Offices at 40 South Main Street in Spanish Fork unless otherwise specified.

**Project Updates –**

2/7/05 The quotes for materials are due Tuesday, February 8, 2005 at 3pm.
