**Bid - Filter Systems for Removal of Iron in Two Wells**

This issue was tabled from the March 13, 2001 City Council meeting because bids had not been received. Mr. Nielson presented the bid from Water Control Corporation for filters to remove iron from the Fritzi Well and the Cemetery Well #2. These two wells presently have enough iron in the water to discolor concrete, foundations, etc. Two suppliers were contacted, and only one submitted a bid.

The bid for the filter on the Fritzi Well was \$149,500. The bid for the filter on the Cemetery Well #2 was \$130,800. Total of the two bids is \$280,300.

Some discussion took place dealing with warranties, weight and delivery.

Councilmember James made a **motion** to approve the bids from Water Control Corporation for the filter systems for removal of iron in the two wells in the total amount of \$280,300. Councilmember Shepherd **seconded**, and the motion **passed** with a unanimous vote.

**Adjournment**

The meeting adjourned at 12:15 pm.
