UDOT has a project to resurface I-15 from Springville to Spanish Fork. As part of the work, UDOT will also rehabilitate the bridge surfaces and fix potholes at the interchange to US Highway 6, which will require ramp closures. As a result, motorists will be detoured through Spanish Fork for a few weeks. Construction is scheduled for May or June of 2006. UDOT would like to discuss this project with the council and the potential traffic impacts associated with this project.

If you have any questions, please contact me.
