Spring has Sprung on Main Street

Hundreds of Spanish Fork's residents descended on Main Street on **May 13th** and **20th** to take part in one of the greatest shows of citizenship through service. This demonstration of cooperation is all part of the Spanish Fork City Parks and Recreation Adopt-A-Planter Program.

The planters were alive with activity as honorary green thumbs dug into the work at hand. Each planter was neatly organized with colorful rows of petunias, marigolds and geraniums. Within a few weeks Main Street will be ablaze with bright pinks, yellows and reds. This is truly an effort for which all residents should be very proud.

Several months ago the Adopt-A-Planter Committee invited the

seven LDS Stakes in Spanish Fork and other civic groups and congregations to take part in planting and caring for the 136 planters throughout the City. Each group committed to the effort and the season will culminate in October with the removal of the annuals and the planting of the bulbs.

The objective of the Adopt-A-Planter Program is two-fold:

1. To provide meaningful service projects for the residents of Spanish Fork, with special focus placed on the youth, and to help residents take pride in those areas that they help to create and beautify. Vandalism and litter problems are reduced when the youth have helped beautify their city through service.
2. To provide care for these areas through the volunteer effort of the

citizens of Spanish Fork thus reducing the cost of maintenance provided by city crews in this undertaking.

As the residents of Spanish Fork dedicate precious time and energy to beautify the City, they will be rewarded by knowing they made the difference. As always, thank you to the many volunteers!

The campground offers numerous recreational opportunities, including horseshoe pits and hiking on the numerous mountain trails. Campers will also enjoy nearby trout fishing, swimming, sunbathing, and relaxing on the sandy beach of the reservoir.

Online Residential Bill Pay

Did you know the City offers online bill pay service for all residential utility accounts? The City has partnered with Xpress Bill Pay, a safe and secure provider for online bill payment systems to provide this service. All you need is an Internet connection and an email address and you are ready to go.

How does it work

First, go the City's website at www.spanishfork.org and click the link for Online Utility Payments under the 'Resources' section. This link will direct you to the XpressBillPay.com website where you can learn about their program and create an account. Every month we'll send your bill information to their system and they will then send you an email to let you know when your bill is online and ready to pay. You then log in to your account through XpressBillPay.com and view your bill. When you're ready to pay your bill, select a payment type and enter your credit card or bank account information. If you want the hassle free method, you can set up an automatic recurring payment through the account you desire and then relax.

Benefits

This system will allow you 24-hour access to your utility bills and payments. It also stores the last 12 months of your account's history, allowing to track your Utility usage by comparing to the prior year. Please be sure to pay your bill by the **20th of each month**, in order to avoid any late charges on your account.
