## Parks & Recreation Master Plan Survey

Coming soon to your home, or it may have already arrived.

Spanish Fork City is pleased to announce the commencement of its effort to develop a Comprehensive Parks and Recreation Master Plan.

The Comprehensive Parks and Recreation Master Plan will be a key element in the City's ongoing effort to adequately plan to serve the needs of both current and future residents. Within the next few weeks, the City will be surveying all households in the community. Your participation in responding to the survey will help the City prepare a Plan that is tailored to the needs of

our residents.

The survey will include a number of questions regarding current facilities, programs, trails, and general service levels. The survey will also ask for your opinions on how these same elements can be improved as well as what other programs or facilities you believe Spanish Fork City should provide in the future

It is anticipated that the survey can be completed in ten minutes or less and it is hoped that you will take the time to respond. Please sit down with your family members and review all of the questions so

that your survey can provide the City with a complete view of your opinions

As the process progresses, draft copies of the proposed plan will be made available. Please contact the City's Parks and Recreation Department at 798-5068 with any questions you may have.
