

# GOOD THINGS ALL AROUND

## NOTICE TO ALL ELECTRIC CUSTOMERS

### Budget Public Hearing

Spanish Fork City will hold a public hearing June 5, at 6:00 pm at the Spanish Fork City Office, 40 South Main Street, Spanish Fork, Utah. The purpose of the public hearing is to review the Fiscal Year 2013 Budget.

The budget includes transfer of funds which cannot be defined as reasonable allocation of costs between funds. These transfers include funds from the Electric Fund to the following funds:

- Golf Course Fund ..... \$175,000;
- Swimming Pool Fund .. \$160,000;
- Debt Service Fund ..... \$745,000;
- General Fund ..... \$700,000.

## YARD MAINTENANCE ENCOURAGED BY CITY ORDINANCE

Spanish Fork City Ordinance 8.20.010 requires all properties to be maintained clear of weeds throughout the year: "weeds constitute a nuisance when they create a fire hazard, a source of contamination or pollution of water, air or property, a danger to health, a breeding place or habitation for insects or rodents or other forms of life deleterious to human habitations, or are unsightly or deleterious to their surroundings."

Weeds need to be maintained no taller than SIX INCHES above the ground throughout the season, which may last into the month of November. The property between the sidewalk and curb (parking strip) shall be maintained by the owner or occupant.

Maintenance may be accomplished by mowing, discing, or plowing. Burning is NOT allowed due to State air quality standards. Failure to comply with this ordinance may result in violation charges, a Class C Misdemeanor. Proper-

ties not kept in compliance will be mowed by the City and the property owner will be responsible for all associated costs.

For liability reasons, residents are urged to keep their property clear. Any damage or injury to others or their property due to hazardous conditions could hold the property owner liable.

## BUILDING PERMIT INFORMATION

Spanish Fork City wants your construction project to be a success and will help you avoid potential problems that could cost you time and money. When you apply for a building permit, you will be asked basic questions, be advised of any requirements and, if necessary, be referred to other departments for their approval. Throughout the process, Spanish Fork City will provide resources and information needed for compliance with the applicable codes.

When you submit an application, you will document the "Who, What, When, Where and How" of the job, along with plans of the proposed work.

The City's Building Inspectors will review your plans and determine if your project is in compliance with City requirements. If your plans meet the requirements, a Building Permit can be issued. If not, our staff will

work with you to resolve any problems. Once the permit is obtained, you now have legal permission to start construction.

Inspections will be required to insure the work conforms to the permit, local codes and plans. Again, you will have access to the expertise of the City's Building Inspectors to help you with questions or concerns regarding the project. The Building Inspector will let you know approximately how many inspections may be needed for your project. One day notice is required when scheduling inspections. Once the project is complete and has been inspected, the City will issue a Certificate of Occupancy to certify that work was done in accordance with applicable codes.

For more information about building codes and local requirements, contact the Building Inspection Division at (801)804-4540.
