Weeds need to be maintained no taller than SIX INCHES above the ground throughout the season, which may last into the month of November. The property between the sidewalk and curb (parking strip) shall be maintained by the owner or occupant.

Maintenance may be accomplished by mowing, discing, or plowing. Burning is NOT allowed due to State air quality standards. Failure to comply with this ordinance may result in violation charges, a Class C Misdemeanor.

MORE CITY STREETS GETTING CRACK SEALED

City crews are crack sealing streets to prevent water from seeping into the cracks and causing deterioration and road base erosion

Before crews can seal the cracks, they clean them with high pressure air; a process that scatters rocks and dirt in the street. After the sealant has been placed and has cured, a street sweeper will clean the debris from the street, typically the following day.

Please support these efforts by not parking on the street when you receive a notice that crack sealing will occur on that street. If you have questions, call Public Works at 801.804.4550.
