FIRE PITS (CONTINUED FROM FRONT)

- Below-ground fire pits and freestanding fireplaces must be located a minimum of 25 feet away from any structure or combustible material.
- Portable fire pits must be located a minimum of 15 feet away from any structure or combustible material.
- The fire must be constantly attended and supervised until the fire has been completely extinguished.
- A portable fire extinguisher or other approved extinguishing equipment, such as a garden hose, must be readily available.
- Any fires that produce offensive smoke or odor are prohibited.
- Fires may not be burned between the hours of 11 pm and 7 am.
- Fires are prohibited when current conditions or local circumstances make fires hazardous.

One of the most common problems with recreational fires is that there is a potential of unwanted smoke and odor. Sometimes the smoke can irritate neighbors or possibly affect those with health problems. The best practice is to let neighbors know beforehand when you are starting the fire. If the smoke becomes a nuisance, and neighbors let you know it, the fire should be extinguished. The Fire Department will require the fire to be put out if complaints are received about the smoke or odor. If you have any other questions, please contact the Fire Department at 801.804.4771.

REMINDER TO OBTAIN BUILDING PERMITS FOR ACCESSORY STRUCTURES

The Building Inspection Division reminds you to obtain a Building Permit before constructing an accessory structure or fence. Spanish Fork City now issues Building Permits for fences and most accessory buildings free of charge. Issuing permits will allow the City to verify that a fence or shed is in the correct location and that all of the requirements in the Municipal Code are being met before construction commences.

Applying for Building Permits has never been easier. You now apply for Building Permits for fences and accessory structures as well as all other Building Permits online at www.spanishfork.org. Look for the Citizenserve logo link to take to you the page that will provide the necessary applications. Please call 801.804.4540 with any questions.
