Retail Water Service Line Disclosure

The retail drinking water service lateral line is the pipe that extends between the main water pipe in the road and the home or business. Drinking water meters are typically located in the park strip area or just behind the sidewalk. Spanish Fork City is responsible for the retail water service line from the water main pipe in the road to the meter. The property owner is responsible for it between the meter and the home or business. See [municipal code](#) and [SB 45](#).

Retail Sewer Service Line Disclosure

The retail sewer service lateral line is the pipe that extends between the main sewer pipe in the road and a home or business. Spanish Fork City is responsible for pipe repairs from the main line in the road to the property line on residential properties. Owners of non-residential property shall be responsible for pipe repairs all the way from the main line to the building. All property owners are responsible for the cleaning and clearing of their entire service line. All users of City utility services shall keep their service lines and connections and other apparatus in good repair and protected from frost, trees, and other hazards at their own expense. No person shall be allowed to dig into a City right-of-way for the purpose of laying, removing, or repairing any utility line without first obtaining an excavation permit from the City. See [Title 13.04.030H](#) and [SB 45](#).

Fence and Shed Permits

Spring is near—and for many of us, that means installing new fencing or sheds. Did you know a permit is required for all fences over 3 feet high, and for every shed? It's true!

Here's the good part though—there is no fee for these permits (unless the shed is over 200 square feet), and it can all be done online! Just visit us at spanishfork.org/buildingpermits to learn more, or apply.

You can also call the Building Department (801-804-4540) for assistance, Monday – Friday, 8 a.m. – 5 p.m.

Solar Panels

If you already have or are considering the purchase of solar panels there is some valuable information available on our Net Metering Information website at spanishfork.org/solar.

Avoiding Stream and Groundwater Pollution

- Keep household chemicals indoors
- Do not dispose of harmful chemicals in the ground, gutters, or curb drain boxes
- Avoid flushing household chemicals down the sink or toilet
- Take precautions to protect gutter and inlet boxes while performing maintenance work on vehicles
- Keep gutters clean from yard waste such as fertilizer, grass clippings, and leaves
- Right now, household hazardous waste can be taken for free to the SUVSWD Transfer Station in Springville at 2450 West 400 South.

Spanish Fork Chorale

Please join us for our Spring Concert, which will be held at 7 p.m. on May 19 at the Spanish Fork High School auditorium. The event is free to attend and will feature a medley from “Hairspray” and several other fun songs.

If you are interested in becoming a member of the choir, you can come for Fall semester, starting the last week of August. We practice on Tuesdays from 7-9 p.m. in the Spanish Fork High School Choir room. For more information, visit spanishfork.org/arts

Children's Market Registration

The Spanish Fork Children's Market is a crafts and goods market that is made by kids and sold by kids. The Market will be held on Saturday, August 12 from 10 a.m. - 1 p.m. at the City Park located at 49 South Main Street. Register for your booth space online at spanishfork.org/childrensmarket.

NOTICE TO SPANISH FORK CITY UTILITY CUSTOMERS

State law requires that the City provide an annual disclosure on funds transferred from a utility enterprise fund to any other fund. The City has budgeted the following transfers.

The City of Spanish Fork has budgeted for the transfer from each utility fund to the general fund as a dividend to Spanish Fork taxpayers. This dividend is the result of the rate payers' investment in the City's utility infrastructure. These funds are used each year to help cover costs of important city services like police, fire, library, senior center, parks and recreation, and other city functions. The utility transfer helps keep property taxes low in Spanish Fork. If City utility services were provided by private utility vendors, these dividends would instead be paid to the private investor-owners. Because Spanish Fork residents are the investor-owners, these dividends are used to offset what otherwise would be a significant increase in property tax rates. These transfers are of funds which cannot be defined as a reasonable allocation of costs between funds. These amounts will not be repaid.

| The amounts of the transfers are as follows: | Dollar Amount | % of Expenditures |
|---|----------------------|--------------------------|
| From the Water Fund to the General Fund | \$ 352,513 | 2.76 % |
| From the Sewer Fund to the General Fund | \$ 152,513 | 0.30 % |
| From the Power Fund to the General Fund | \$ 1,300,000 | 4.87 % |
| From the Storm Drainage Fund to the General Fund | \$ 25,000 | 0.11 % |
| From the Solid Waste Fund to the General Fund | \$ 25,000 | 0.70 % |
| From the Broadband Fund to the General Fund | \$ 200,000 | 1.90 % |

Spanish Fork City also has a debt obligation that the Power Fund is making payments on. The funds are to pay for the Justice Center (Police/Court Building). This transfer is for funds which cannot be defined as a reasonable allocation of costs between funds. These amounts will not be repaid.

| The amount of this transfer is as follows: | Dollar Amount | % of Expenditures |
|---|----------------------|--------------------------|
| From the Power Fund to the Debt Service Fund | \$ 679,503 | 1.78 % |

A public hearing will be held on Tuesday, June 6, 2023 at 6 p.m. at the City Council Chambers, located at 80 South Main Street, Spanish Fork, Utah. The public hearing will be to discuss the proposed dividend transfers in the Fiscal Year 2024 Budget. The fiscal year begins July 1, 2023 and ends June 30, 2024.

Thank you for your support and involvement as a utility customer of Spanish Fork.
